Projects Undertaken:

Description: Crafted with precision and creativity, my portfolio website showcases my passion for web development and design. Powered by HTML, CSS, and JavaScript, each element of the website reflects my dedication to creating engaging and user-friendly experiences. From sleek animations to intuitive navigation, every detail is thoughtfully implemented to captivate visitors and highlight my skills and projects. With responsive design, it seamlessly adapts to various devices, ensuring a seamless experience for users across platforms. Explore my [Amazon clone](#) to discover my expertise, projects, and journey in the world of web development.

Tech Stack – HTML, CSS, JS

Certificates:

- **Artificial Intelligence Fundamentals**

Declaration:

I hereby declare that the above particulars are true & correct to the best of my knowledge and belief. In the event of any Information being found false or incorrect, my candidature will be liable to be cancelled.
